Welcome to **Fast Parts**

Welcome to Fast Parts, the new Ford publication that provides core information on fast moving genuine Ford parts for selected Ford vehicles. From Brakes to Belts, Glass to Gaskets, Fast Parts is the definitive and essential source for information on fast moving Ford parts. A full listing of these can be found on the MLI index page.

Fast Parts provides the technical information that will enable you to select the correct part, or produce a shortlist of required parts. Once you have selected your part (or parts) you can contact your Ford Parts Plus dealer to place your order. Any amendments to your order as a result of supersession, updated information or price variation will be dealt with by your dealers at the time of contact.

Vehicle Index

No part of this publication may be reproduced in any form or by any mean without the prior permission of Ford Motor Company.

Using **Fast Parts**

Fast Parts can be used in whichever way suits your needs. However we'd recommend using the 4 step guide to get the information you need.

Step 1

Match the customers vehicle to a starting page reference in the Vehicle Index, you will see a chapter page like the one shown here e.g Fiesta.

FordFiesta
FordFiesta 1976-1989 (A0) / FordFiesta 1989-1996 (C0) / FordFiesta 1995-2001 (D0)
FordFiesta/Fusion 2001- (C0K)

Step 2

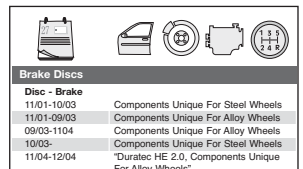

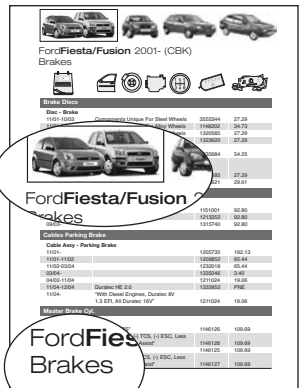

Immediately following the vehicle chapter page, you will find a MLI (Major Line Item) Group Index for the vehicle. Using this index, you can locate the starting page after the MLI Group of interest.

Step 3

Within a catalogue the MLI (Major Line Item) groups / MLIs will be listed in MLI Group alphabetical order, shown in the MLI index at the start of the book and in the Index in each vehicle section. Follow through the pages until you identify the MLI Group Description of interest e.g. Brakes, or using the page number from the vehicle section MLI Group index.

Step 4

Next using the build information of the customer vehicle identify a best match of the build information against the parts. The Dates and Application columns provide this information.

MLI (Major Line Item) Index

The MLI are listed here in the order they can be found in Fast Parts.

Ford Transit 2000-2006 (FY)

This parts catalogue contains information on the European Specification Transit 2000 built from 01/2000.

SPECIFIC MODEL VERSIONS ARE INDICATED BY A MODEL CODE NUMBER		
SHORT WHEELBASE VEHICLES		
0.8 S	=	260S
1.0 S	=	280S
1.3 S	=	300S
1.5 S	=	330S
LONG WHEELBASE VEHICLES		
1.0 M	=	280M
1.3 M	=	300M
1.5 M	=	330M

Engine Oils

Using quality oils ensures your customers' vehicles run efficiently and reinforces your commitment to enhancing customer satisfaction.

Your Ford Dealer can provide both Ford and Motorcraft oils. Ford Oils are for use all Ford vehicles, whilst Motorcraft oils have been developed for a wide range of non-Ford cars and vans.

This section contains details and benefits of the oil products available.

Ford Engine Oils

Ford oils have been developed to meet the specific requirements of Ford engines. Using these oils will ensure Ford vehicles run more efficiently and will avoid issues arising from the use of inferior products.

Products available

- Ford Formula E 5W-30
- Ford Formula S/SD 5W-40

Ford Formula E 5W-30

Ford Formula E 5W-30 is a specifically developed fuel efficient oil, recommended for the majority of Ford vehicles (see below or vehicle handbook for specific applicability).

Customer Benefits

- Saves money due to lower fuel consumption resulting from reduced engine friction in Ford engines
- Maintains high level of vehicle performance by preventing premature oil degradation, through enhanced thermal and oxidation stability
- Prevents the need for premature replacement of engine components due to enhanced protection against wear (specifically bearings and valve train) even under extreme driving conditions

PLEASE CONTACT YOUR LOCAL FORD PARTS DEALER FOR THE LATEST ENGINE OIL PRICING INFORMATION

Specifications

Ford WSS-M2C913-B

ACEA A1/B1

API SL

ILSAC GF3

Ford Applications

Ka (09/96 -)	All vehicles
Fiesta (11/95 – 02/02)	All vehicles except: Diesel 1.8 NA 10/95 – 08/98 (use Ford Formula S/SD 5W-40)
Fiesta/Fusion (11/01 -)	All vehicles
Focus (08/98 – 12/04)	All vehicles
Focus (07/04 -)	All vehicles
C-Max (06/03 -)	All vehicles
Galaxy (01/95 – 12/06)	All petrol vehicles except: 2.8i V6 (use Ford Formula S/SD 5W-40)
Mondeo (08-96 – 10/00)	All vehicles except: Diesel 1.8 TCI 08/96 – 08/98 (use Ford Formula S/SD 5W-40)
Mondeo (10/00 – 03/07)	All vehicles
Transit Connect (05/02 -)	All vehicles
Transit (08/94 – 08/00)	All petrol vehicles: For Diesel Engines use Ford Formula S/SD 5W-40
Transit (01/00 – 07/06)	All vehicles

Bulk	2162C0

PLEASE CONTACT YOUR LOCAL FORD PARTS DEALER FOR THE LATEST ENGINE OIL PRICING INFORMATION

Ford Formula S/SD 5W-40

Ford Formula S/SD 5W-40 has been developed to meet the specific needs of certain Galaxy engines and is also suitable for certain older Ford petrol and diesel vehicles.

Customer Benefits

Maintains high level of vehicle performance by preventing premature oil degradation through enhanced thermal and oxidation stability

Prevents the need for premature replacement of engine components due to enhanced protection against wear (specifically bearings and valve train) even under extreme driving conditions

Reduces the need to top-up oil due to low oil consumption properties

Specifications

Ford WSS-M2C917-A; ACEA A3/B4/C3; API SL/CF

Ford Applications

Galaxy (01/00 – 01/06)	1.9 Tdi, 2.8 V6
Fiesta (10/95 – 08/98)	Diesel 1.8 NA only
Mondeo (08/96 – 08/98)	Diesel 1.8 TCI only
Transit (08/94 – 08/00)	All diesel vehicles

Part Number

1 litre	14D399
5 litre	14D39E
208 litre	14D395

Motorcraft Engine Oils

Motorcraft engine oils are a new range of engine oils suitable for non-Ford applications. They have been developed to suit the requirements of a wide range of both older and more modern vehicle types.

Products Available

Motorcraft XR Synth 5W-30

Motorcraft XR Plus 10W-40

Motorcraft XR 15W-40

New Motorcraft XR Synth 5W-30

Motorcraft XR Synth 5W-30 is a new fully synthetic product. When compared to traditional 10W-40 products it gives both greater workshop convenience, as it can be used in a wide range of vehicles, and increased customer benefits.

Customer Benefits

- Saves money due to lower fuel consumption resulting from reduced engine friction
- Avoids costly damage to diesel particulate filters
- Prevents the need for premature engine component replacement as synthetic formulation reduces wear, in particular cold start wear

Specifications

ACEA A3/B3/B4/C3

Product Applications

This product is suitable for a wide range of both petrol and diesel applications including diesel vehicles fitted with direct injection or diesel particulate filters.

Part Number

1L	14EA1F
5L	14EA1C
20L	14EA1B
208L	14EA17

PLEASE CONTACT YOUR LOCAL FORD PARTS DEALER FOR THE LATEST ENGINE OIL PRICING INFORMATION

Motorcraft XR Plus 10W-40

Motorcraft XR Plus 10W-40 is a part synthetic engine oil.

Customer benefits

Provides a good level of vehicle performance due to protection against engine deposits and wear.

Specifications

ACEA A3/B3

Product Applications

This product is suitable for a range of older petrol and diesel engines and some more modern engines.

Part Number

1 litre	14E9E6
5 litre	14E9E3
208 litre	14E9DE

Motorcraft XR15W-40

Motorcraft XR 15W-40 is a mineral engine oil suitable for older petrol and diesel engines

Customer benefits

Provides higher viscosity oil where high oil consumption may be a consideration

Specifications

ACEA A2/B2

Product Applications

Suitable for a range of older vehicles.

Part Numbers

1 litre	14EA00
5 litre	14EA03
208 litre	14E9FD
